The Whole Country Seems to be Going Bankrupt!

In all of my entrepreneurial businesses I have had over the past 40 years, I have never experienced such a rough economy and lack of financial institutional support.

I have been deeply affected by what has happened to my business since its inception over 3-1/2 years ago. Sales had doubled every year while hundreds of happy customers enjoyed their new cars and services. I would never have imagined it would come crashing down.

I sympathize with the handful of people that were caught up during the closing of the business. This has been a very difficult time for all of us. I personally had to file bankruptcy; my building is now in foreclosure and I am losing my home as well.

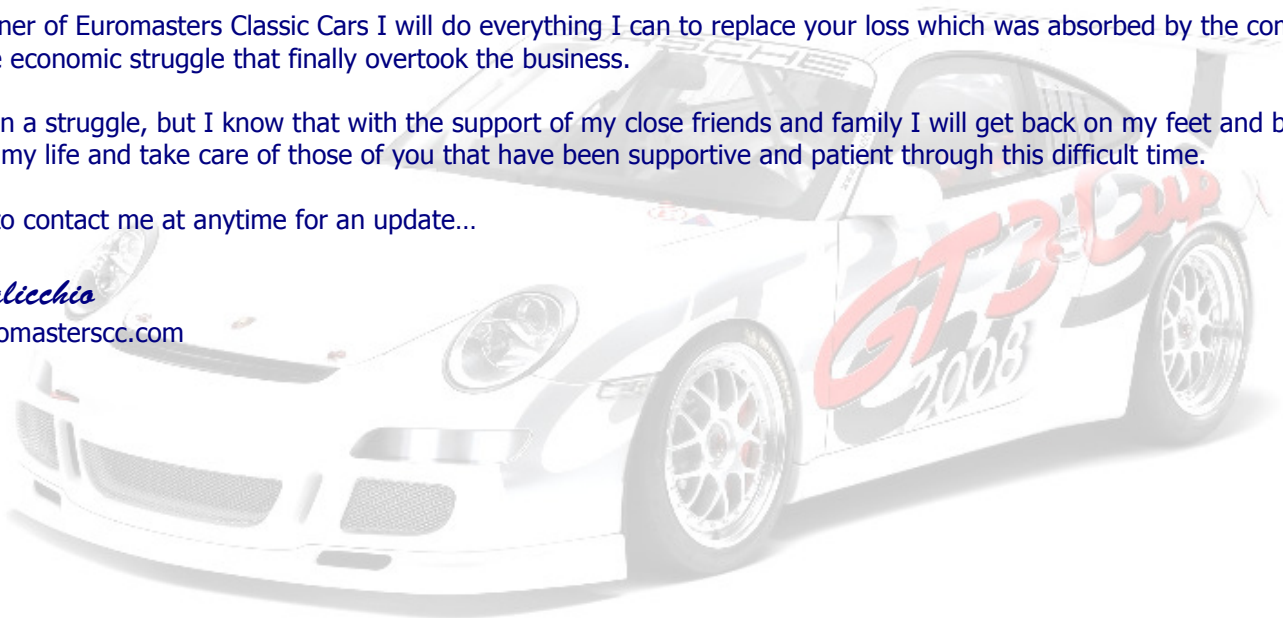

As the owner of Euromasters Classic Cars I will do everything I can to replace your loss which was absorbed by the company due to the economic struggle that finally overtook the business.

It has been a struggle, but I know that with the support of my close friends and family I will get back on my feet and be able to rebuild my life and take care of those of you that have been supportive and patient through this difficult time.

Feel free to contact me at anytime for an update...
